Keep the evidence reachable

A one-page source for linked PDF excerpts and reviewed notes.

Self-authored test content. These claims define the exercise workflow.
They are proposals to test, not findings from an external study.

CLAIM A

Retain the source

L01 Keep the drawing and its source references together.
L02 A source-linked excerpt connects a claim to the exact passage.
L03 Use page and line labels to verify the copied words.

CLAIM B

Separate evidence from interpretation

L04 A drawn connection is explicit only when the author makes it.
L05 An agent can propose a relation without turning it into a fact.
L06 Mark proposed relations for review before accepting them.

CLAIM C

Review structure before promotion

L07 A structured note is a reviewed interpretation of the drawing.
L08 Retain a backlink to the source drawing and excerpt.
L09 Check meaning, source identity, and scope before promotion.

TEST Select Claim A, copy its source link, and create one linked map node.
PASS The node opens this PDF and highlights the selected words.
